Dear Fiona,

I just wanted to let you know how much I enjoyed the property management training session with you last weekend. I have been to many conferences around the world and have to say you are one of the best presenters I have had the pleasure of working with. The information provided and the style of delivery was excellent! Both Sara and I left with many good ideas to implement and we are really fired up about our business going forward.

I was also at the Franchisee meeting on Tuesday night – every single director had the same positive comments about the property management conference and your work.

Looking forward to working with you in the future, especially on holiday rentals.

Kind regards,

Penelope Lamers
